Introducing Micro and EZ-Swivels from Titan®

MINNEAPOLIS — July 10, 2024 — Titan now offers two new airless accessories – the EZ-Swivel and Micro Swivel. These smooth-spinning swivels simplify hose management, making it possible to spray more efficiently for longer periods of time.

Both swivels are stainless steel constructed and capable of spraying all materials at pressures up to 7,500 psi/51.7 MPa.

The EZ-Swivel™ is for use between the spray gun and the hose.

- Infinite range of motion prevents hose binding
- Easily sprays hard-to-reach places with unique angles
- Reduces hand/arm fatigue with easier hose management at the gun
- Available in ¼-inch size

Micro Swivel is for use in multiple positions: sprayer to hose, hose to hose, and hose to gun.

- Rotates a full 360 degrees, even under high pressures
- Eliminates kinking and prevents hose damage
- Makes wrapping hoses easier when used in sprayer to hose and hose to hose positions
- Reduces hand/arm fatigue from hose management when in hose to gun position
- Available in ¼-inch and 3/8-inch sizes

“Each swivel has a unique value proposition and purpose,” said Chris Noto, director of products for Titan. “They are smart additions to every paint and fine finishing contractor’s toolbox, simplifying hose maneuvering so you can work faster and more efficiently.”

Both swivels are available in the U.S. and Canada at professional paint and equipment retailers. MSRP for the EZ-Swivel is \$141.90, MSRP for the ¼” Micro Swivel is \$39.90, and MSRP for the 3/8” Micro Swivel is \$49.90. Visit www.titantool.com for more information.

About Titan

A leader in spraying technology, Titan manufactures and markets a full line of professional-grade sprayers for applying a variety of coatings. Titan products include airless and air powered paint sprayers, fine finishing sprayers, sprayers for applying texture, roofing, corrosion control, protective coatings, and line strippers for sports fields and asphalt. For nearly half a century, contractors and maintenance professionals have relied on Titan products for world-class, end-to-end solutions that are dependable and easy to use. Visit titantool.com.
