SPRAYING REDEFINED
THE BEST AND LONGEST WARRANTY IN THE INDUSTRY

Four-year Manufacturer’s Defect
We pledge that our sprayers are free from defects in materials and workmanship. This excludes normal wear items and consumables such as filters, piston, packings, tips, etc.

Lifetime DuraLife Brushless HE and PMDC Motor Warranty
If the motor fails for any reason (including wear) for as long as you own the sprayer, we will replace the motor at no cost to you.

Limited Lifetime DCX Motor Warranty
If the motor fails from normal usage for as long as you own the sprayer, we will replace the motor at no cost to you.

Gas Engine Warranty
3-year Honda® and 2-years all others.

Two-year Turbine Warranty

Lifetime Drive Train Warranty
If the drive train fails from normal usage for as long as you own the sprayer, we will replace the drive train at no cost to you.

Lifetime Warranty on PermaStroke™ Technology Fluid Pump
Get a lifetime warranty on the PermaStroke Technology fluid pump. If the fluid pump fails for any reason (including wear) for as long as you own the sprayer, we will replace the fluid pump at no cost to you.

35-day Satisfaction Guarantee
If for any reason the sprayer does not perform up to your expectations within 35 days, the sprayer can be exchanged for the identical model or full credit toward the purchase of a Titan sprayer of larger size and value.

Express Parts Program
- More than 550 Authorized Service Centers nationwide
- The most common repair parts are guaranteed to be in stock 100% of the time
- If for any reason your preferred Authorized Service Center is out of stock, free 2nd day air is available when ordered by 3:00 pm (EST)

SEE BACK PAGE FOR OUR PLATINUM AND ELITE PROGRAMS.
When your business depends on the tools you use, you need to be able to count on the people who make them. Our relentless commitment to helping every professional painter be their best leads to better work, improved ROI and growing business.
IMPACT® SERIES

These high-performance and heavy-duty electric airless paint sprayers are designed for sustained operation on a wide variety of projects, from a single room in a house to a warehouse or manufacturing facility. The Impact Series electric airless sprayers are durable with jobsite features that keep contractors spraying.
MAXIMIZE YOUR INVESTMENT WITH THE IMPACT SERIES.

Business is demanding and you need the kind of performance you get from Titan sprayers. It’s time to invest in the expanded features and performance that will make a major IMPACT on your profit margin.

Quad+ Packings™ / Permalife™ Cylinder
Self-adjusting and self-compensating packings and no wearable cylinder deliver the longest life and lowest repair costs in the industry.

Field Serviceable
Whether you are replacing the entire fluid section or the packings only, it’s fast and easy with the T-slot piston and modular design.

DigiTrac™ Integrated Digital Display
Advanced diagnostics, set actual working pressure readings, resettable gallon and run time counter and more.
Available on Impact models 640, 840, 1140 & 1640.

Sureflo™ Pusher Valve
Primes the first time, every time. Unstick the lower ball valve with a push of a button. No need for a hammer.

AutoOiler™
Deliver oil from the reservoir to the packings with the push of a button.

EasyOut™ Fluid Section
T-slot piston and release mechanism makes removal fast and easy.
Available on the Impact 1140 only.
**IMPACT® 410**

Recommended for small and medium residential and commercial projects.

**Features:**

- **Quad+ Packings**
- **All-metal Construction**
  With stainless steel piston rod and balls
- **PermaLife™ Cylinder**
  Will never wear out
- **Strong Metal Cart**
  Handles jobsite punishment
- **Manifold Filter**
  Filter cleans paint, preventing abrasives from reaching the gun tip.

---

**Impact 410**

When it comes to getting powerful performance at an affordable price, nothing comes close to the Impact 410. Perfectly suited for residential, property maintenance and small commercial applications, the Impact 410 applies all lacquers, stains, standard primers, paints and architectural coatings with ease.

IMPACT®
1040T
1.15 GPM
Recommended for applications using up to 2 guns for texture and high build coatings.

Features:

Submerged Fluid Section
- The submerged foot valve creates the most efficient siphoning system on the market today, which handles heavy bodied coatings with ease
- Built with ceramic balls and carbide seats that are resistant to abrasive coatings

PermaLife™ Cylinder
Will never wear out

Electronic Pressure Control
Consistent pressure. Zero deadband.

Quad+ Packings

AutoOiler™

Telescoping Handle

EZ Tilt™ Cart
- Allows for quick and easy change out and cleaning
- Easily tilt back with one hand

DuraLife™ Brushless HE Motor
Optimized for every tip size and every painter’s technique.

Hose Wrap
Holds up to 150-feet of airless hose.

Large Pneumatic Tires

Impact 1040T
The Impact 1040T is perfect for contractors that need a durable and dependable sprayer for level 5 finishes; knockdown texture and high build coatings.

Comparing the Impact 1040T with other sprayers can be daunting. With its Submerged Fluid Section, Electronic Pressure Control, and PermaLife™ Cylinder, the Impact 1040T offers a level of performance and durability unmatched by other sprayers.

ELITE™ 3000

The Titan Elite 3000 is an electric, sealed hydraulic paint sprayer that offers a lifetime of durability. It uses the revolutionary PermaStroke™ Technology that has no piston, packings or clutch to replace, and is backed by the Elite lifetime fluid pump warranty. The Elite 3000 is a versatile direct drive sprayer that delivers a consistent finish and is easy to operate and is field serviceable, keeping contractors on the job.

Smart Design
- Multi-position cart allows for a low rider siphon or high rider direct immersion set-up
- Extremely reliable mechanical pressure control
- Roll-bar style cart protects the sprayer from jobsite and vehicle wear and tear
- Large 10-inch tires make it easy to maneuver around the jobsite

PermaStroke™ Technology
- No piston or packings, cylinder or clutch to wear or burn out
- Delivers top performance at pressures from 300 to 3300 PSI and when using small or large tip sizes
- Eliminates deadband – delivering a consistent fan pattern optimizing finish quality

MULTI-POSITION CART

Field serviceable with only two cartridge-style wear parts that can be changed in only five minutes.
- Features the Sureflo™ pusher valve that makes priming easy

WEAR GUARD

WearGuard™ Elite Lifetime Warranty
Lifetime warranty on the fluid pump
Elite 3000

Perfect for everyday use on residential, property maintenance and small commercial applications applying most architectural coatings such as interior and exterior latex, stains, lacquers, sealers, enamels and primers with ease.

POWRBEAST™ SERIES

Since their introduction, PowrBeast direct immersion hydraulic piston sprayers have been the choice for serious contractors for large scale residential, commercial and industrial applications.

HydraStroke™ Technology
- Unmatched durability and performance powered by digitally driven hydraulics
- Versatility to spray heavy and light bodied coatings without worry of burning out clutches
- System is optimized with one moving part reducing heat and extending the life of the pump

Severe Service™ Fluid Section
- Long and slow stroking piston maximizes power and durability
- Proven Titan technology with 35 years in the field
- Field serviceable with easy to remove/replace fluid section

Intelligent Design
- Extremely efficient cooling system
  - Fan and shroud maximize cool air flow over warm areas
  - Radiator style active cooling hydraulic tank
- Large 12” pneumatic tires make it easy to move around job site
- Simplified pump assembly for easier service
POWRBEAST™ SERIES

POWRBEAST™ 4700/4700T

1.10 GPM

Recommended for large jobs where multiple guns are needed.

Features:

HydraStroke Technology™
Efficient and versatile with no clutch to burn

Severe Service™ Fluid Section
Powerful slow-stroking piston

Radiator Style Hydraulic Reservoir
Maximizes airflow to actively cool the system

Submersed Foot Valve
Maximizes suction for heavy graded materials (4700T)

Front Mounted Motor/Pump Assembly
Easy to access for maintenance and service

Cooling Shroud
Directs air movement across the electric motor keeping it cooler

Large 12” Pneumatic Tires
For increased portability and travel over rough surfaces

Built-in Lift Handles
For easy loading and unloading

5 Gallon Bucket Holder
Recommended for large jobs where multiple guns are needed.

The PowrBeast™ 4700 direct immersion electric airless sprayer provides unmatched durability and performance. Recommended for large projects or when you need the power to spray heavy coatings such as epoxies, enamels, elastomeric, dry fall and block fillers.

**PowrBeast 4700/4700T**

The PowrBeast™ 4700 comes complete with RX-Pro Gun, 517 TR1  Reversible Tip and 1/4” x 50’ Airless Hose.

The PowrBeast 4700T comes complete with M-4 Mastic Gun, SC-6+ 427 & 531 tip, Splatter Nozzle, 3/8” x 50’ Hose.
POWRTWIN™ SERIES

Since their introduction almost half a century ago, Titan PowrTwin hydraulic piston sprayers have a well-earned reputation for durability and dependability among serious contractors for large scale residential, commercial and industrial applications and multi-gun usage.
THE SPRAYERS OF CHOICE FOR SERIOUS CONTRACTORS WITH LARGE-SCALE JOBS.

These high-performance, heavy-duty paint sprayers use long-stroke, slow-cycling hydraulic piston technology for economical operation and dependable, long-term spraying.

**Convert from Gas to Electric Power**
Easily convert from Electric to Gas power. No tools required.

**Belt Guard**
Easy access for converting from electric to gas power.

**Speeflo® HydraDrive™**
Smooth, slow-stroking hydraulic drive provides extreme power and reliability.

**Severe Service™ 900 Pump**
Cylinder and piston rod are tempered with a proprietary heat-treating process that increases pump life 150% over competitive pumps. Self-adjusting packings resist over-tightening and help prevent premature wear.
POWRTWIN®
6900/8900 PLUS

1.25 GPM

Recommended for heavy coatings.

Features:

Slow and Long Stroking Hydraulic Piston
Maximizes fluid section life.

Accurate Pressure Control
From 400 to 3300 PSI (27 to 248 bar)

Easy Convertability
Convert to gas or electric power without any tools.

Speeflo® HydraDrive™

Severe Service™ 900 Pump

Easy-remove Filter
Only 3 turns to remove.

Easy-access Belt Guard
For converting from gas to electric.

Convenient Pail Hook

PowrTwin 6900 Plus
Designed and built for contractors who are serious about completing large scale painting projects quickly and profitably. PowrTwin 6900 Plus is ideal for professionals who want the slow-stroking power and long-term durability only Titan hydraulic piston sprayers offer.

PowrTwin 8900 Plus
A step up for projects that require greater power and output, the PowrTwin 8900 Plus is our best-selling hydraulic piston sprayer, favored by contractors who want to complete large application jobs in record time with high profit margins. Finally a portable sprayer that can handle new construction all the way up to protective coatings.
Direct Immersion Design for Ultra-Heavy Coatings

The choice for serious contractors. Titan’s PowrTwin DI Plus models are designed to minimize the distance between the inlet valve and heavy, high solid coatings, enabling more efficient sprayer operation with less strain on the pump.

- Apply texture, architectural primers and finishes with the same sprayer
- Sprays ultra-heavy coatings including joint compound, high solid coatings, block filler, elastomerics and intumescent
  - Spray splatter, orange peel and heavy knockdown textures with optional Splatter Nozzle (765-360)
- Siphon ultra-heavy coatings without starving the sprayer
- Pump cleans out faster, with less water or solvent
- Better weight distribution, lower center of gravity and large pneumatic tires for ease of transportation

The PowrTwin 6900 Plus DI and 8900 Plus come with RX-Apex Non-filtered Gun, 517 TR Reversible Tip and 1/4” x 50’ Airless Hose.

**POWRTWIN 6900 PLUS DI**

**1.25 GPM**

Recommended for heavy coatings.

**Features:**

- **Submersed Foot Valve**
  Eliminates all pressure loss.

- **Slow-stroking Hydraulic Piston**
  Maximizes fluid section life.

- **Accurate Pressure Control**
  From 400 to 3300 PSI (27 to 248 bar)

- **Easy Convertability**
  Convert to gas or electric power without any tools.

- **E-Z Swing Frame**
  Allows for less spillage during paint changes and lower height of unit for easy transportation.

The PowrTwin 6900 Plus DI and 8900 Plus come with RX-Apex Non-filtered Gun, 517 TR Reversible Tip and 1/4” x 50’ Airless Hose.
FINE FINISH SPRAYERS

There will always be projects where speed trumps transfer efficiency and yet a fine finish is still the ultimate goal. Even the best HVLP sprayer can’t compete with the speed of an air-assisted airless unit and for those jobs where production speed is essential, contractors and finishing professionals turn to the power and precision of Titan airless and air-assisted sprayers.

Features:

**Airless Production**
Atomizes finish coatings with ease. Maintains consistent spray patterns with less mixing and filling.

**Versatile**
Apply a wide range of coating materials. From the thinnest stains and lacquers to interior and exterior latex primers and paints.

**Intelligent Design**
Compact, simple and lightweight—these units are easy to use, easy to transport and easy to store.

---

**AirCoat™ Air-assisted Airless**
Two systems in one! Uses low airless fluid pressure in the air-assisted mode to deliver ultra fine atomization with higher transfer efficiency. The airless mode uses high pressure to spray higher solids finish coatings. Atomize all fine finish coatings at lower pressure for great control.

Also includes suction set for pumping directly from 5 gallon bucket.

Comes with GM3600 Gun with Flat Tip Assembly and 9/20 Brilliant Tip, 1/4” x 50’ Bonded Fluid and Air Hose, 5’ Fluid Whip and 5’ Air Whip.

---

**ED 655 Plus**
The ED 655 Plus is a compact, lightweight, dedicated finishing system that’s easy to use, easy to transport and, most importantly, dependable. For those projects and the contractors who tackle them, we designed the Titan ED 655 Plus.

Comes with RX-80 Gun, 412 Fine Finish Tip, 1/4” x 50’ Airless Hose and 3/16” x 3’ Airless Whip Hose.
MultiFinish™ 440

The MultiFinish 440 offers the versatility of a piston pump to handle the widest variety of finish solutions. It combines quiet operation and air cap pressure for the finest atomization possible. The MultiFinish sprays nearly all coatings with little to no reduction.

Comes with GM3600 Gun, SC-6+ Reversible Tip, 1/4” x 50’ Bonded Fluid and Air Hose, 5’ Fluid Whip and 5’ Air Whip. Flat tip available for more versatility in fine finish applications.

### Accessories:

**GM 3600 AA Gun with Reversible Tip Guard** 0524357

Design offers ergonomic comfort and a reversible tip system without sacrificing finish quality. Comes with a standard Titan airless gun filter and works with all standard reversible airless and fine finish tips.

Reversible flat tips are available. AirCap and tips sold separately.

**GM 3600 AA Gun with Flat Tip Guard** 0524358

Includes a 9/20 flat tip.

**Red/Clear 50-foot Bonded Hose** 0524333
